Brass Construction
Platinum Recording - Grammy Nominated Band

'In the year that punk was to galvanise jaded rockers everywhere, BRASS CONSTRUCTION released an album that was to do the same for the soul community.'

Ever since BRASS CONSTRUCTION achieved international prominence with their platinum and Grammy nominated debut album the group has created one of the most distinctive sounds in contemporary music. 2018 celebrates 50 years of Funk! Touring constantly, crisscrossing three continents, and touring with successful acts such as the Jackson's, O'Jays, Earth Wind and Fire, Commodores and Parliament Funkadelics. A blend of Friction and Finesse, BRASS CONSTRUCTION's music mixes an array of uncompromising hard-hitting funk rhythms with guitars, horns and striking keyboard passages.
